

Statement of Shri Randeep Singh Surjewala, Incharge Communication, AICC

Ministers of the Government giving presentations to non elected shenanigans of a supposedly non political organization and getting appraised by the RSS for the work that they are doing is nothing but grave travesty of democracy- it's mores and processes. It confirms that the RSS is controlling this government and its Ministers are answerable to RSS rather than being accountable to the people of India. This explains why the Prime Minister has remained mum through all the scams, the slide in the economy and the rapid fall in development of the country.

What we are witnessing today is that a constitutionally elected Government is reporting to and is being held captive to the diktats of an extra constitutional, divisive and fascist organization like RSS whose greatest claim to fame is helping the colonial rulers against a nation fighting for independence.

It only goes on to prove that the government of the day is neither run by the elected representatives of the people nor is it guided by the idea of welfare of the people. It is run by ministers who report to and take orders from an organization- the RSS- that does not believe in India as defined by the constitution. In that sense this entire drama is a grave mockery of the constitution itself. The people of India have not voted for the RSS. The BJP clearly has neither the autonomy nor the permission to govern the country. The people of India have been taken for a ride.

The Prime Minister and his colleagues in the Government are functioning as per whims of an organization whose violent and intolerant ideology killed Mahatma Gandhi, and it is not surprising thus that this Government has, in line with its masters in the RSS, unleashed a divisive, anti people and fascist agenda on the country.

The Prime. Minister will be well advised to realize that his reporting, appraisal and accountability lies with the people of India, people who are being continuously short changed, exploited and repressed by him and his Government.
